About This Game

Paddle up with online multiplayer, robots, complete challenges or train your table tennis skills. This is the ultimate ping pong experience for VR.

Key Features!

- **Natural Table Tennis Physics** - Indulge in the most natural table tennis physics in VR. Customize your paddle with different types of rubber or go hardbat for more control!
- **Online Multiplayer** - Compete against your friends or players globally online, interact with voice chat so that you can talk smack. Our optimized netcode allows you to play across continents with high ping!
- **Versus Robot** - Play against AI of varying skill sets - from casual to "don't even bother hard". Get better by playing them in practice sessions.
- **Bullseye** - Improve your table tennis skill with multiple levels that challenge your precision and performance. Unlock new levels as you get better!
- **Practice Modes** - Go into training sessions against automatic ping pong ball shooters, AI or just you and the wall.
- **Customization** - Play in different locations, try on different hats, play with fire balls (not recommended), go crazy.

-
- **"Beer" Pong** - As an added bonus, improve your beer pong skills and become the beer pong master.

I wanted to buy one of those for a long time. The game is well made and feels quite real.

The only thing I am missing right now is an option to disable all buttons on the right controller, I landed back in Steam home whenever a match got interesting.
